Subject: New Manufacturer Contacts

Dear Manufacturer:

By this letter, we are announcing new manufacturer contacts for light-duty vehicles and motorcycles which will be effective on May 1, 2001. Enclosed is a complete listing of the new contacts.

As discussed at the EPA/Industry meeting on March 21, the certification, in-use, and fuel economy functions for light-duty vehicles and motorcycles have been combined into a single "Total Compliance Group". Each person in that group is responsible for both in-use (recall) and certification activities for their designated manufacturers.

Phone calls and e-mails should be directed to the designated "contact" person. That person will involve other EPA staff, as necessary, to resolve the issue. Official written correspondence (such as application submissions) should be addressed to the "EPA lead" designated on the enclosure, rather than to the "contact" person.

The timing for this change of contacts has been advanced from our traditional October change-over to accommodate the recent additions to our staff and the transition of light-duty in-use activities from DC to Ann Arbor. In order to minimize the interruption to ongoing certification programs, we have generally maintained the current manufacturer contact as a "backup". This will hopefully assure a smooth transition.

If you have any questions about this letter please contact Eldert Bontekoe at 734 214-4442 or Dan Harrison at 734 214-4281.

Sincerely,

A handwritten signature in blue ink, which appears to read "Gregory A. Green", is positioned below the "Sincerely," text.

Gregory A. Green, Director
Certification and Compliance Divisions
Office of Transportation and Air Quality
